The pt. dt Board Mysore
M. C. 125 & 17.6.25

With reference to Govt order date
11.8.25, - submits the resolution of the
District Board on the proposals relating
to Sericultural operations at Malavalli
and Rudra and recommends
sanction to incur an expenditure of
Rs 570/- as proposed by the Sericultural
Superintendent

Subd for orders.

Placed before me

29/6/25

The action taken
by the D. B. is having placed a
sum of Rs 570 out of the grant for
1925-26 in regard to the Sericulture
operations at Malavalli and Rudra
may perhaps be approved and
the formal resolution of the D. B.
Board may be invited in regard
to the scheme for the operations
at Rudra. ~~and also to be approved~~
~~to be approved for the operations at Rudra~~

The proposal was to have
2 schools one at Malavalli & the other
at Rudra (Channarayana) at Rs 700 each
& to grant scholarships at Rs 100 each per
week school.

4 The Insp^r find of the is not in favor of having a separate Sericultural School but wants this to be ~~attached~~ ^{form} part of vocational training of the ~~the~~ local middle school boys & to be attached to those schools.

5 Farms have been started & no idea is given as to the actual running cost of them to be met by the Dist Bd. The farms will have to be kept going to prevent loss of money already incurred.

The Dist Bd will therefore have to take the needed steps in consultation with the Jy for the introduction of Sericultural training in the institutions named. and inform for what amount will have to be paid by the Dist Bd. in this year to this and part of scholarship proposed.

8 He is further of opinion that the pay of the teachers should be transferred to Est. Dept. & that they should be ^{treated} considered as members of the School Staff.

9 Nothing is known as to the S.C.B.D. meeting. The recurring expenditure of these two schools except the pay of the teachers.

10 The Scheme appears to be a sound one provided the S.C.B.D. either pays contribution for the upkeep of the schools or bears the whole burden of maintenance.

11 Est. Dept. has to be consulted regarding the proposal of S.C.B.D. & S.C. has to be asked to consult the S.C.B.D. regarding their liability to pay for the maintenance of the schools.

Total	Rs.380- 0- 0		Sericulture as an

examination subject in the Middle School at Malavalli from next year onwards.

The Sericultural Superintendent has stated that he would spare an operative from his staff temporarily for ^{running} ~~running~~ the farm and fund funds for seed cocoons etc.

I have made necessary arrangements for placing one acre of land at the disposal of the Sericultural Superintendent for the proposed Farm.

3. As regards Kuderu, the Sericultural Superintendent has sent the undermentioned proposals for raising a mulberry garden at a cost of Rs.190.

1. Fencing and planting $\frac{1}{2}$ acre of land	Rs.150-0-0
2. One operative to be in charge for $1\frac{1}{2}$ months at Rs.20/-	30-0-0
3. Sundries.	10-0-0

Total	Rs.190-0-0

The Department will make other arrangements. Necessary arrangements have also been made by the District Inspector of Education for placing necessary land and accommodation for the purpose at the disposal of the Superintendent. The formal approval of the District Board to the above proposals relating to Kuderu will be obtained at their next meeting to be held in July 26.

They have approved ~~for~~ of the proposals informally at the budget meeting, but a formal resolution was not recorded.

Letter No.H.C.52 of 25-26 dated the 19th March 26 from the Inspector General of Education in Mysore to the President District Board of Mysore, Mysore.

With reference to your letter No.C.125/L.B. of 25-26 dated 17th August 25 regarding the proposal of the District Board to open two schools for rural sericultural instruction at Kuderu and Malavalli with an expenditure of Rs.700 each and the institution of rural scholarships at a cost of Rs.100 in connection with each of the two schools, I have the honour to state ^{that} from your letter it would appear that the proposal is to open two new -- schools at the places mentioned. But from a discussion I had with the Superintendent of Sericulture sometime ago, I gathered that the idea is that Sericulture may be introduced as a vocational subject in the existing schools at the two places. The conclusions provisionally arrived at during my discussion with the Superintendent of Sericulture are given in the accompanying copy of his letter No.3078 of 12th March 26.

As you are aware the scheme of studies for Middle Schools provides for certain vocational subjects being taken up as alternatives to optional subjects like Sanskrit ^{or} Hygiene. These vocational subjects will be examination subjects for the Lower Secondary Examination. They are included in the curriculum of the II, III and IV year Middle Classes and the time devoted to these subjects is about four periods a week per day during the regular school hours. No vocational instruction is provided in the Primary schools where the pupils will be very young. For the purpose of imparting sericultural instruction it is of course necessary to have a Mulberry garden, rearing ^{Doon} ~~reem~~ etc., and these will have to be maintained by the Sericultural Department. If these are located sufficiently near the Middle Schools it will be possible for some boys of the Middle Schools to take up Sericulture as an optional subject and receive instruction in it.

11

Superintendent of Sericulture or any other Officer deputed by him for the purpose.

The proposal to institute Sericultural scholarships in connection with the schools is also a very desirable one. I would suggest five scholarships of Rs.2 each for 10 months being instituted for each -- school. The funds for these scholarships also will have to be transferred to the Education Department for being administered by the District Inspector.
